

Call for Input: Technical Guidance and Resources for WQMPs

Do you have experience with development of WQMPs or construction of associated BMPs? Do you have ideas for how to improve this process? **We want to hear from you!** >>> <https://www.surveymonkey.com/r/DWWM2S3>

WHAT: The Orange County Stormwater Program is undertaking a strategic planning effort for the land development stormwater program. This effort focuses on technical guidance and resources used to prepare and construct stormwater best management practices (BMPs) as part of Water Quality Management Plans (WQMPs). **We want to learn from your practical experiences and hear your ideas about where to focus future efforts.**

HOW: We are starting by collecting input via online surveys. We will then follow up with a workshop. Please click the survey link below to get started.

>> [Survey of the Land Development Community](https://www.surveymonkey.com/r/DWWM2S3)

<https://www.surveymonkey.com/r/DWWM2S3> | 24 questions | Estimated 12 to 20 minutes

WHO: Members of the land development community with experience in Orange County are invited to respond, including:

- **Project owners or owner's representatives**
- **Project engineers, WQMP preparers, and permitting specialists**
- **Product vendors**
- **Construction managers and contractors**

WHEN: **Please respond by May 31, 2020.** A virtual workshop will be scheduled in June or July 2020 to present a summary of survey responses and discuss potential approaches for addressing prioritized needs.

INFO: For more information about this effort, please contact Cindy.Rivers@ocpw.ocgov.com or James.Fortuna@ocpw.ocgov.com.
